PART 1 — HOOK + TRAP 1 — Beats 1-23

■■■■ BEAT 1 ■■■■

"Five."

STYLE:

2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character ALEX: large beige oval head with transparent glass upper skull revealing a pink cartoon Brain Villain inside, small black dot eyes, thin neutral mouth, black spiky hair, BLUE t-shirt (NOT RED — verify every time), gray pants. Brain Villain: pink cartoon brain character, heavy-lidded eyes, slight smirk, small teeth — ALWAYS inside Alex's skull, never floating outside. Palette: beige skin #F5E6C8 · pink brain #E8A598 · blue t-shirt · gray pants · green: savings/gains · red: loss/danger/circuits · white: diagram scenes · dark charcoal #1A1A1A: hook/drama scenes. 16:9, 1280×720.

SCENE:

BEAT 1 — OPENING [S17 THUMBNAIL CONTINUITY · S2 NUMBER DROP]: DARK CHARCOAL background (#1A1A1A). Large bold white numeral '5' dominates center frame. ALEX stands below it, head tilted back, eyes wide open in shock — the number has just appeared inside his transparent skull as five distinct red neural circuit paths firing simultaneously, each glowing electric red, numbered 1 through 5 along their paths. Brain Villain: ACTIVE — arms raised triumphantly inside skull, all five circuits igniting at once, broad smug grin, heavy-lidded eyes now wide and satisfied. Alex expression: genuine shock — both hands raised instinctively to sides of head. Camera: LOW ANGLE looking up at Alex, the '5' and skull circuits filling the upper frame. Motion: FAST ZOOM OUT from the '5' inside the skull to reveal Alex's full shocked expression. NOTE: Viewer who just saw thumbnail ('5 WAYS / YOUR BRAIN / REWIRES ITSELF') must recognize this scene in under 5 seconds. The 5 red circuits match the thumbnail exactly. NO static pose. NO introduction. The number IS the opening.

■■■■ BEAT 2 ■■■■

SCENE:

DARK CHARCOAL background. Camera pulls back further from Beat 1. Alex now visible from mid-torso up, expression shifting from shock to grim recognition. The '5' remains visible above him but slightly smaller — context arriving. Brain Villain inside skull: arms crossed, satisfied, five circuits still glowing behind it. Camera: MEDIUM SHOT, slightly tilted. Motion: SLOW PULL BACK. No text labels — the five glowing circuits carry the '5 programs' message visually.
