STYLE PREAMBLE — prepend to every prompt in Google Flow:

2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients. THIS VIDEO HAS NO ALEX — do not draw the recurring main character. THE BRAIN VILLAIN appears ISOLATED (no human body, no skull) ONLY in the handful of beats where the prompt explicitly names him — pink cartoon brain (#E8A598), heavy-lidded eyes, slight smirk, small teeth, tiny arms. When he appears, VARY his position and size (center / left / right / background, large / small) — never the same corner twice. MOST BEATS HAVE NO CHARACTERS AT ALL: badges, objects and diagrams carry the frame alone. Generic humans when a scene needs people: simple flat silhouette-style figures with minimal features, varied builds — never Alex. BIAS BADGES: each bias has a colored circle badge with a black flat object-icon inside (echoing the thumbnail grid): Anchoring teal #2C93A8 crossed-out price tag · Loss Aversion red #C0392B cracked coin · Mental Accounting purple #7B5FA6 three envelopes · Present Bias orange #E8892C melting hourglass · Herd pink #D9527A three sheep · Lifestyle Inflation gold #E8C13C rising balloon with € · Sunk Cost brown #8B5A2B sinking ship · Optimism sky #58A6D6 sun over calendar · Default gray #8A8A8A recycling loop · Scarcity dark navy #4A4A6A closing tunnel. Palette: pink brain #E8A598 · green savings · red loss · white/clean backgrounds. 16:9, 1280x720.

■■ BIAS 3 — MENTAL ACCOUNTING ■■

BEAT 18 "Mental Accounting. Your brain runs separate wallets for the same money."

Image Prompt: 2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients. THIS VIDEO HAS NO ALEX — do not draw the recurring main character. THE BRAIN VILLAIN appears ISOLATED (no human body, no skull) ONLY in the handful of beats where the prompt explicitly names him — pink cartoon brain (#E8A598), heavy-lidded eyes, slight smirk, small teeth, tiny arms. When he appears, VARY his position and size (center / left / right / background, large / small) — never the same corner twice. MOST BEATS HAVE NO CHARACTERS AT ALL: badges, objects and diagrams carry the frame alone. Generic humans when a scene needs people: simple flat silhouette-style figures with minimal features, varied builds — never Alex. BIAS BADGES: each bias has a colored circle badge with a black flat object-icon inside (echoing the thumbnail grid): Anchoring teal #2C93A8 crossed-out price tag · Loss Aversion red #C0392B cracked coin · Mental Accounting purple #7B5FA6 three envelopes · Present Bias orange #E8892C melting hourglass · Herd pink #D9527A three sheep · Lifestyle Inflation gold #E8C13C rising balloon with € · Sunk Cost brown #8B5A2B sinking ship · Optimism sky #58A6D6 sun over calendar · Default gray #8A8A8A recycling loop · Scarcity dark navy #4A4A6A closing tunnel. Palette: pink brain #E8A598 · green savings · red loss · white/clean backgrounds. 16:9, 1280x720. The purple MENTAL ACCOUNTING badge (three envelopes icon) fills frame; below it, three real envelopes lie fanned on a table like a dealt hand — nobody holding them. Clean white background.

Identical € bills peek from all three.

MOST BEATS HAVE NO CHARACTERS AT ALL: badges, objects and diagrams carry the frame alone. Generic humans when a scene needs people: simple flat silhouette-style figures with minimal features, varied builds — never Alex. BIAS BADGES: each bias has a colored circle badge with a black flat object-icon inside (echoing the thumbnail grid): Anchoring teal #2C93A8 crossed-out price tag · Loss Aversion red #C0392B cracked coin · Mental Accounting purple #7B5FA6 three envelopes · Present Bias orange #E8892C melting hourglass · Herd pink #D9527A three sheep · Lifestyle Inflation gold #E8C13C rising balloon with € · Sunk Cost brown #8B5A2B sinking ship · Optimism sky #58A6D6 sun over calendar · Default gray #8A8A8A recycling loop · Scarcity dark navy #4A4A6A closing tunnel. Diagram: a wallet with a clean cut cable labeled by a past-calendar icon — the money's ghost already walked out the door long ago, waving. The wallet still holds the cut cable hopefully.

BEAT 53 "The comedown lasts years: every month you stay is another payment on a decision you already know was wrong."

Image Prompt: 2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients. THIS VIDEO HAS NO ALEX — do not draw the recurring main character. THE BRAIN VILLAIN appears ISOLATED (no human body, no skull) ONLY in the handful of beats where the prompt explicitly names him — pink cartoon brain (#E8A598), heavy-lidded eyes, slight smirk, small teeth, tiny arms. When he appears, VARY his position and size (center / left / right / background, large / small) — never the same corner twice. MOST BEATS HAVE NO CHARACTERS AT ALL: badges, objects and diagrams carry the frame alone. Generic humans when a scene needs people: simple flat silhouette-style figures with minimal features, varied builds — never Alex. BIAS BADGES: each bias has a colored circle badge with a black flat object-icon inside (echoing the thumbnail grid): Anchoring teal #2C93A8 crossed-out price tag · Loss Aversion red #C0392B cracked coin · Mental Accounting purple #7B5FA6 three envelopes · Present Bias orange #E8892C melting hourglass · Herd pink #D9527A three sheep · Lifestyle Inflation gold #E8C13C rising balloon with € · Sunk Cost brown #8B5A2B sinking ship · Optimism sky #58A6D6 sun over calendar · Default gray #8A8A8A recycling loop · Scarcity dark navy #4A4A6A closing tunnel. Palette: pink brain #E8A598 · green savings · red loss · white/clean backgrounds. 16:9, 1280x720. COMEDOWN: a long staircase downward where each step is a monthly receipt; a silhouette descends slowly, dropping a coin on each step. The staircase visibly leads nowhere — it fades into fog.

BEAT 54 "You're not protecting your investment. You're buying tickets to watch it sink."

A silhouette buys another ticket at the booth — run by Brain Villain, SMALL, tucked in the BACKGROUND-LEFT. Deadpan staging.

MOST BEATS HAVE NO CHARACTERS AT ALL: badges, objects and diagrams carry the frame alone. Generic humans when a scene needs people: simple flat silhouette-style figures with minimal features, varied builds — never Alex. BIAS BADGES: each bias has a colored circle badge with a black flat object-icon inside (echoing the thumbnail grid): Anchoring teal #2C93A8 crossed-out price tag · Loss Aversion red #C0392B cracked coin · Mental Accounting purple #7B5FA6 three envelopes · Present Bias orange #E8892C melting hourglass · Herd pink #D9527A three sheep · Lifestyle Inflation gold #E8C13C rising balloon with € · Sunk Cost brown #8B5A2B sinking ship · Optimism sky #58A6D6 sun over calendar · Default gray #8A8A8A recycling loop · Scarcity dark navy #4A4A6A closing tunnel. Palette: pink brain #E8A598 · green savings · red loss · white/clean backgrounds. 16:9, 1280x720. Clean comparison diagram: two brain icons — one with a moon/no-sleep icon dimming 20% of it; one with a € worry icon dimming MORE of it. The scarcity brain is darker. Clinical white.

BEAT 71 *"At the peak, the tunnel closes in. Today's fire is all there is. Long-term thinking isn't a choice you're refusing — it's a luxury the tunnel doesn't stock."*

Image Prompt: 2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients. THIS VIDEO HAS NO ALEX — do not draw the recurring main character. THE BRAIN VILLAIN appears ISOLATED (no human body, no skull) ONLY in the handful of beats where the prompt explicitly names him — pink cartoon brain (#E8A598), heavy-lidded eyes, slight smirk, small teeth, tiny arms. When he appears, VARY his position and size (center / left / right / background, large / small) — never the same corner twice. Palette: pink brain #E8A598 · green savings · red loss · white/clean backgrounds. 16:9, 1280x720. PEAK: first-person view inside a narrowing tunnel; the only lit thing ahead is a small fire labeled by a TODAY sun icon. On the tunnel walls, shelf outlines sit empty where 'future' items would be — bare hooks, no stock.

BEAT 72 "And the cruelest part: the tunnel makes the exact decisions that keep you in the tunnel."

BEAT 73 "The comedown isn't even yours. It's inherited — scarcity teaches children what money feels like before they ever earn any."

COMEDOWN: a kitchen table at night; two adult silhouettes over bills in low voices — and in the doorway, small and unnoticed, a child silhouette absorbing the scene. The navy gauge quietly begins refilling next to the child. Heaviest frame of the video.

BEAT 74 "Poverty isn't just a number in an account. It's a full-time job your brain works for free."

LAPIDARIA FRAME: a timecard machine; a brain icon punches in at a clock showing all 24 hours highlighted. The payslip printing out reads zero (icon: empty circle). Stark, dignified, no jokes.
