1	Five.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character ALEX: large beige oval head with transparent glass upper skull revealing a pink cartoon Brain Villain inside, small black dot eyes, thin neutral mouth, black spiky hair, BLUE t-shirt (NOT RED — verify every time), gray pants. Brain Villain: pink cartoon brain character, heavy-lidded eyes, slight smirk, small teeth — ALWAYS inside Alex's skull, never floating outside. Palette: beige skin #F5E6C8 · pink brain #E8A598 · electric BLUE t-shirt · gray pants · green: savings/gains · red: loss/danger/circuits · white: diagram scenes · dark charcoal #1A1A1A: hook/drama scenes. 16:9, 1280×720. BEAT 1 — OPENING [S17 THUMBNAIL CONTINUITY · S2 NUMBER DROP]: DARK CHARCOAL background (#1A1A1A). Large bold white numeral '5' dominates center frame. ALEX stands below it, head tilted back, eyes wide open in shock — the number has just appeared inside his transparent skull as five distinct red neural circuit paths firing simultaneously, each glowing electric red, numbered 1 through 5 along their paths. Brain Villain: ACTIVE — arms raised triumphantly inside skull, all five circuits igniting at once, broad smug grin, heavy-lidded eyes now wide and satisfied. Alex expression: genuine shock — both hands raised instinctively to sides of head. Camera: LOW ANGLE looking up at Alex, the '5' and skull circuits filling the upper frame. Motion: FAST ZOOM OUT from the '5' inside the skull to reveal Alex's full shocked expression. NOTE: Viewer who just saw thumbnail ('5 WAYS / YOUR BRAIN / REWIRES ITSELF') must recognize this scene in under 5 seconds. The 5 red circuits match the thumbnail exactly. NO static pose. NO introduction. The number IS the opening.	LOW ANGLE, fast zoom out from skull	Dark charcoal #1A1A1A, single overhead on '5'	Shock, revelation — S17 thumbnail match in <5 sec	Alex tilted back, both hands raised to sides of head in shock	FAST ZOOM OUT from '5' inside skull to reveal full Alex
2	That is how many programs your brain is running right now that are keeping you exactly where you are.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character ALEX: large beige oval head with transparent glass upper skull revealing a pink cartoon Brain Villain inside, small black dot eyes, thin neutral mouth, black spiky hair, BLUE t-shirt (NOT RED — verify every time), gray pants. Brain Villain: pink cartoon brain character, heavy-lidded eyes, slight smirk, small teeth — ALWAYS inside Alex's skull, never floating outside. Palette: beige skin #F5E6C8 · pink brain #E8A598 · electric BLUE t-shirt · gray pants · green: savings/gains · red: loss/danger/circuits · white: diagram scenes · dark charcoal #1A1A1A: hook/drama scenes. 16:9, 1280×720. DARK CHARCOAL background. Camera pulls back further from Beat 1. Alex now visible from mid-torso up, expression shifting from shock to grim recognition. The '5' remains visible above him but slightly smaller — context arriving. Brain Villain inside skull: arms crossed, satisfied, five circuits still glowing behind it. Camera: MEDIUM SHOT, slightly tilted. Motion: SLOW PULL BACK. No text labels — the five glowing circuits carry the '5 programs' message visually.	MEDIUM SHOT, slight tilt	Dark charcoal, '5' remains visible above Alex	Grim recognition — context arrives	Alex shifts from shock to understanding, expression tightening	SLOW PULL BACK — '5' stays but shrinks as context expands

3	Not bad decisions. Not poor discipline.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character ALEX: large beige oval head with transparent glass upper skull revealing a pink cartoon Brain Villain inside, small black dot eyes, thin neutral mouth, black spiky hair, BLUE t-shirt (NOT RED — verify every time), gray pants. Brain Villain: pink cartoon brain character, heavy-lidded eyes, slight smirk, small teeth — ALWAYS inside Alex's skull, never floating outside. Palette: beige skin #F5E6C8 · pink brain #E8A598 · electric BLUE t-shirt · gray pants · green: savings/gains · red: loss/danger/circuits · white: diagram scenes · dark charcoal #1A1A1A: hook/drama scenes. 16:9, 1280×720. DARK CHARCOAL background. Alex close-up. He shakes his head slowly. Two thought bubbles appear and dissolve: a crossed-out X over 'bad decisions' icon, a crossed-out X over 'weak willpower' icon. Brain Villain inside skull shakes its head in sync — no, not those. Camera: MEDIUM CLOSE-UP, straight on. Motion: SLIGHT PUSH IN as X's appear.	MEDIUM CLOSE-UP, straight on	Dark charcoal	Elimination of excuses — clearing the frame	Alex shakes head slowly, two X thought bubbles appear and dissolve	SLIGHT PUSH IN as X marks appear one by one
4	Actual neural circuits — built through repetition — firing without your knowledge.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character ALEX: large beige oval head with transparent glass upper skull revealing a pink cartoon Brain Villain inside, small black dot eyes, thin neutral mouth, black spiky hair, BLUE t-shirt (NOT RED — verify every time), gray pants. Brain Villain: pink cartoon brain character, heavy-lidded eyes, slight smirk, small teeth — ALWAYS inside Alex's skull, never floating outside. Palette: beige skin #F5E6C8 · pink brain #E8A598 · electric BLUE t-shirt · gray pants · green: savings/gains · red: loss/danger/circuits · white: diagram scenes · dark charcoal #1A1A1A: hook/drama scenes. 16:9, 1280×720. DARK CHARCOAL background. Alex's transparent skull fills most of frame. Inside: the five red circuit paths now shown as literal wired pathways, each one labeled with a number 1-5 (small, subtle). Brain Villain sitting at a control panel with five switches, all flipped ON — smug, in control. Camera: EXTREME CLOSE-UP on skull interior. Motion: SLOW ZOOM INTO skull.	EXTREME CLOSE-UP on skull interior	Dark charcoal, red circuit glow inside skull	Sinister revelation — the mechanism exposed	Brain Villain at control panel, all 5 switches flipped ON, smug	SLOW ZOOM INTO skull cavity — control panel fills frame
5	The third one gets worse the more you learn about money.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character ALEX: large beige oval head with transparent glass upper skull revealing a pink cartoon Brain Villain inside, small black dot eyes, thin neutral mouth, black spiky hair, BLUE t-shirt (NOT RED — verify every time), gray pants. Brain Villain: pink cartoon brain character, heavy-lidded eyes, slight smirk, small teeth — ALWAYS inside Alex's skull, never floating outside. Palette: beige skin #F5E6C8 · pink brain #E8A598 · electric BLUE t-shirt · gray pants · green: savings/gains · red: loss/danger/circuits · white: diagram scenes · dark charcoal #1A1A1A: hook/drama scenes. 16:9, 1280×720. DARK CHARCOAL background. Alex's skull — circuit path 3 pulses brighter than the others. A stack of books appears beside Alex, labeled 'FINANCIAL EDUCATION'. As the book stack grows taller, circuit 3 glows more intensely — inverse relationship. Brain Villain points at circuit 3 with a knowing smirk. Camera: MEDIUM SHOT, Alex left, book stack right. Motion: BOOK STACK GROWS frame by frame.	MEDIUM SHOT, Alex left, book stack right	Dark charcoal, circuit 3 pulses brighter than others	Counterintuitive — education makes it worse	Brain Villain points at circuit 3 with knowing smirk	BOOK STACK GROWS frame by frame, circuit 3 intensifies in parallel

6	The fifth one is the only financial bias that compounds biologically — not just financially.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character ALEX: large beige oval head with transparent glass upper skull revealing a pink cartoon Brain Villain inside, small black dot eyes, thin neutral mouth, black spiky hair, BLUE t-shirt (NOT RED — verify every time), gray pants. Brain Villain: pink cartoon brain character, heavy-lidded eyes, slight smirk, small teeth — ALWAYS inside Alex's skull, never floating outside. Palette: beige skin #F5E6C8 · pink brain #E8A598 · electric BLUE t-shirt · gray pants · green: savings/gains · red: loss/danger/circuits · white: diagram scenes · dark charcoal #1A1A1A: hook/drama scenes. 16:9, 1280×720. DARK CHARCOAL background. Circuit 5 pulses. A DNA helix appears inside the skull beside the Brain Villain — biological, not just financial. A small coin/dollar icon beside it, smaller. The biological symbol is larger — biology > money. Camera: LOW ANGLE, dramatic. Motion: DNA HELIX ROTATES slowly.	LOW ANGLE, dramatic	Dark charcoal, DNA helix electric glow inside skull	Biological urgency — not just financial	Brain Villain beside DNA helix, biological symbol larger than coin icon	DNA HELIX ROTATES slowly — biology > money visual
7	One of them fired this morning. Before you opened this video.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character ALEX: large beige oval head with transparent glass upper skull revealing a pink cartoon Brain Villain inside, small black dot eyes, thin neutral mouth, black spiky hair, BLUE t-shirt (NOT RED — verify every time), gray pants. Brain Villain: pink cartoon brain character, heavy-lidded eyes, slight smirk, small teeth — ALWAYS inside Alex's skull, never floating outside. Palette: beige skin #F5E6C8 · pink brain #E8A598 · electric BLUE t-shirt · gray pants · green: savings/gains · red: loss/danger/circuits · white: diagram scenes · dark charcoal #1A1A1A: hook/drama scenes. 16:9, 1280×720. DARK CHARCOAL background. Alex's skull — one of the circuits (circuit 1) flashes urgently. A clock shows 8:47 AM in the corner. Brain Villain inside skull checks a tiny watch — 'already ran it.' Alex expression: unsettled realization. Camera: TIGHT on skull with clock visible. Motion: CLOCK TICK animation.	TIGHT on skull with clock in corner	Dark charcoal, circuit 1 flashing urgently	Unsettled — it already ran this morning	Alex unsettled expression, Brain Villain checks tiny watch — 'already ran it'	CLOCK TICK animation — 8:47 AM timestamp pulses
8	We are going to show you all five — in the exact order they fire.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character ALEX: large beige oval head with transparent glass upper skull revealing a pink cartoon Brain Villain inside, small black dot eyes, thin neutral mouth, black spiky hair, BLUE t-shirt (NOT RED — verify every time), gray pants. Brain Villain: pink cartoon brain character, heavy-lidded eyes, slight smirk, small teeth — ALWAYS inside Alex's skull, never floating outside. Palette: beige skin #F5E6C8 · pink brain #E8A598 · electric BLUE t-shirt · gray pants · green: savings/gains · red: loss/danger/circuits · white: diagram scenes · dark charcoal #1A1A1A: hook/drama scenes. 16:9, 1280×720. DARK CHARCOAL background fades to white. Five numbered slots appear on screen: 1 · 2 · 3 · 4 · 5 — clean, bold, left to right. Alex stands to the side pointing at slot 1. Brain Villain inside skull: alert, watching. Camera: WIDE SHOT, Alex left, five slots right. Motion: SLOTS APPEAR ONE BY ONE.	WIDE SHOT, Alex left, five numbered slots right	Dark charcoal fading to white on right side	Promise, structure — the order matters	Alex pointing at slot 1, Brain Villain alert and watching inside skull	SLOTS APPEAR ONE BY ONE left to right — 1 · 2 · 3 · 4 · 5

The dopamine graph from Beat 14 reappears. A 'YOU ARE HERE' marker sits on the downslope — past the Wednesday peak. Alex looks at the graph: the best feeling already came and went. Expression: mild deflation. Camera: MEDIUM SHOT. Motion: MARKER slides down the slope.	MEDIUM SHOT, Alex at checkout/ATM on Friday	Neutral warm	Mechanical receipt — not decision	Alex's hand moves to card automatically, expression blank	RECEIPT PRINTS as beat ends — transaction already closed
19	By Friday — payday — the dopamine signal is declining. The brain has moved to the next prediction.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character ALEX: large beige oval head with transparent glass upper skull revealing a pink cartoon Brain Villain inside, small black dot eyes, thin neutral mouth, black spiky hair, BLUE t-shirt (NOT RED — verify every time), gray pants. Brain Villain: pink cartoon brain character, heavy-lidded eyes, slight smirk, small teeth — ALWAYS inside Alex's skull, never floating outside. Palette: beige skin #F5E6C8 · pink brain #E8A598 · electric BLUE t-shirt · gray pants · green: savings/gains · red: loss/danger/circuits · white: diagram scenes · dark charcoal #1A1A1A: hook/drama scenes. 16:9, 1280×720. Friday. Alex receives paycheck. His dopamine graph is already at a lower level. But inside his skull: Brain Villain has opened a NEW thought bubble — next item. The cycle restarts before the current one ends. Camera: WIDE SHOT showing paycheck + skull with new bubble. Motion: NEW BUBBLE OPENS.	CLOSE-UP on Alex's hands making purchase	Warm domestic	Automaticity — body acts before mind registers	Hands reach before facial expression changes — fractional delay	SLOW MOTION on hand reaching — brain catches up after
20	Alex spends on Friday not because he wants to. Because the wanting already happened without him.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light.
