■■ HOOK ■■							
1	Think about the last time you changed your pension fund.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Medium shot, warm beige background. The main character stands facing slightly left, eyes closed in thought. Inside the transparent skull, the pink brain leans back in a relaxed pose. A small pension document icon floats in a thought bubble above the character's head, slightly dusty and cobwebbed. Bold diegetic label: 'LAST CHANGED?'	Medium shot, centered	Warm beige, soft ceiling spotlight	Intimate and direct — hook addressed to the viewer	Character thinking; pension icon dusty in thought bubble; brain relaxed	Static. Thought bubble floats gently. Dust particles drift. 2s.
2	Or moved your savings to a higher-interest account.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Medium shot, same warm background. The thought bubble now shows a savings account icon — a small jar with coins — with a low flat line beside it and a tall bar barely visible in the background. The gap between them is visible but the character has not noticed. Brain peers sideways.	Medium shot	Warm beige, soft	Self-recognition — viewer maps their own situation	Savings jar icon with low interest bar; taller bar faintly visible; brain looking sideways	Static. Low bar visible; tall bar faint in background. 2s.

3	Or switched banks. Or renegotiated your insurance. Or cancelled a subscription you forgot you had.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide shot, white background. Four icons in a row inside the thought bubble: a bank building, an insurance shield, a subscription card, a direct debit slip. Each icon has a cobweb or dust mark. A small clock beside each shows time elapsed. Bold label: 'ALL UNCHANGED.'	Wide shot	Flat, white	Recognition builds — the list lands	Four unchanged financial icons; each with cobweb; elapsed time clocks beside them	Static. Icons appear one by one; each gets a small cobweb. 3s.
4	Now think about how long you have been meaning to.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Medium shot. The main character looks at a flat wall calendar. Months are marked off with a gentle X — January, February, March — continuing forward. A small sticky note on the calendar reads 'DO THIS SOON' — it has turned yellow with age. Expression: sheepish self-recognition.	Medium shot	Flat, warm	Gentle self-incrimination — the gap between intent and action	Character watching months pass on calendar; old sticky note visible; sheepish expression	Animated. Calendar months X off slowly; sticky note yellows. 3s.

5	That gap — between intending and doing — is not a character flaw.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide diagram, white background. Two parallel lines: top line labeled 'INTENDED TO' with a start dot near the left. Bottom line labeled 'ACTUALLY DID' — empty, with a question mark at the end. The gap between them is shaded light gray. Bold label: 'NOT A CHARACTER FLAW.'	Wide diagram shot	Flat, white	Reframe — relief and curiosity simultaneously	Intention vs action gap diagram; gray shading between lines; reassuring label	Static. Gap shading appears; label fades in. 2s.
6	It is the most reliable source of profit in the financial industry.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide shot. A large bank building in the background — clean, imposing, dark navy facade. In the foreground, a small coin-shaped meter labeled 'PROFIT SOURCE' with an arrow pointing to 'YOUR INACTION.' The brain villain peers from a window of the bank building, smug expression, arms folded.	Wide shot	Flat, white, bank building solid navy	The villain introduced — tone shifts slightly	Bank building; profit meter pointing to inaction; brain villain watching from window	Static. Brain villain visible in window; meter arrow steady. 3s.

7	It has a name. It has been studied for decades. It has been deliberately engineered into every financial product you own.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide shot. Three floating cards appear in sequence beside the bank building: '1. IT HAS A NAME', '2. STUDIED FOR DECADES', '3. ENGINEERED INTO YOUR PRODUCTS.' Each card is stamped with a small bank logo. The brain villain in the window nods slowly.	Wide shot	Flat, white	The stakes raised — deliberate and studied	Three cards floating; bank stamp on each; brain villain nodding	Animated. Cards appear one by one; each gets a bank stamp. 3s.
8	And right now, while you are watching this, it is running.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Close-up on the bank building window. The brain villain is now at a small terminal displaying a live counter: '€ RUNNING.' The counter ticks upward in real time. A small clock in the corner shows the current moment. Expression: the brain is not surprised. It expected you to keep watching.	Close-up on bank window	Dark navy building, spotlight on counter	Urgency — the mechanism is active now	Brain villain at live counter; euros ticking; clock showing now	Animated. Counter ticks upward steadily. Clock ticks. 3s.

9	Here is what makes this strange.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Medium shot. The main character turns to face camera, slightly puzzled expression. The brain inside the skull mirrors the expression — brow furrowed, curiosity activated. Clean white background. The mood is about to shift from recognition to revelation.	Medium shot, direct address	Flat, white	The pivot — invitation to think harder	Character and brain both puzzled; facing camera; mood shift incoming	Static. Both character and brain hold curious expression. 2s.
10	You did not choose most of your financial settings.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide shot, white background. The main character stands beside a large control panel — dials, switches, sliders — representing financial settings: PENSION, SAVINGS RATE, INSURANCE, FUND ALLOCATION. The character's hands are at their sides. They are not touching any of it. Bold label: 'YOU DID NOT SET THIS.'	Wide shot	Flat, white, control panel highlighted	The reveal — the settings exist but were not chosen by you	Character beside financial control panel; hands at sides; did not set it	Static. Control panel visible in full; character not touching it. 3s.

11	Your pension allocation. Your savings interest rate. Your overdraft limit. Your insurance renewal price. Your investment fund.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Close-up on the control panel. Five dials are highlighted one by one with a red ring: PENSION ALLOCATION, SAVINGS RATE, OVERDRAFT LIMIT, INSURANCE RENEWAL, INVESTMENT FUND. Each dial already has a position set — the needle is fixed. No one asked.	Close-up on control panel	Flat, white, red rings on each dial	The specificity lands — viewer recognizes their own life	Five dials highlighted in sequence; each already set; no user input	Animated. Red ring appears around each dial in sequence. 3s.
12	Someone else chose them. Before you arrived. Without asking.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide shot. The bank building in the background. A shadowy figure in a suit stands at the control panel from the previous scene — turning the dials, setting the positions — before the main character has even entered the frame. The character walks in from the left and finds the panel already configured. Expression: mild shock.	Wide shot	Flat, white, suited figure slightly shadowed	The betrayal framed clearly — someone chose for you	Suited figure setting dials before character arrives; character walks in to find it done	Animated. Suited figure turns dials; character enters frame; panel already set. 3s.

13	And they chose them for a reason.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Medium shot on the suited figure. They turn slightly toward camera — face not fully visible, just the outline of a satisfied expression. In their hand: a small profit chart showing an upward line. The reason is clear without being stated.	Medium shot on suited figure	Flat, white, slight shadow on figure	The motive implied — discomfort grows	Suited figure with profit chart; reason visible; face not fully shown	Static. Figure holds profit chart. Upward line visible. 2s.
14	Not your reason.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide split. Left: suited figure with profit chart (upward). Right: main character with a different chart — their retirement projection (flat or declining under current defaults). Bold label across the center: 'NOT YOUR REASON.' The contrast is the point.	Wide split diagram	Flat, white	The conflict stated — two different interests	Suited figure profit vs character retirement gap; NOT YOUR REASON label	Static. Split holds; label appears between the two. 2s.

15	This is the story of the default. The most powerful financial instrument ever built. And the bet that it will work on you forever.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide shot, white background. A single word appears in large bold diegetic text at center screen: 'THE DEFAULT.' Beneath it, two smaller labels appear in sequence: 'MOST POWERFUL FINANCIAL INSTRUMENT EVER BUILT' and 'THE BET: IT WILL WORK ON YOU FOREVER.' The main character stands to the side, looking at the text. The brain villain's smug face appears briefly in the corner.	Wide shot, text-forward	Flat, white, text prominent	The thesis stated — this is what the video is about	THE DEFAULT text dominant; character observing; brain villain in corner	Animated. Title text appears; two labels fade in below in sequence. 3s.
■■ THE CHECKBOX ■■							
16	In 2003, two researchers published a paper that should have changed how every government on Earth designs policy.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide shot, white background. A large open academic paper floats in the center of the frame — bold title visible. Beside it: a globe with small government building icons on every continent. A bold label: '2003.' The paper has a red IMPORTANT stamp. The researchers are represented by two small cartoon figures with glasses and clipboards.	Wide shot	Flat, white, paper highlighted	Historical anchor — something important was discovered	Academic paper floating; globe with government icons; 2003 label; two researchers	Static. Paper floats; IMPORTANT stamp visible. 3s.

#	SEGMENT (NARRATION)	IMAGE PROMPT	CAMERA	LIGHTING	MOOD / TONE	CHARACTER ACTION	VIDEO MOTION
17	Eric Johnson and Daniel Goldstein were studying organ donation rates across Europe.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide shot. A map of Europe, clean and flat. Two small cartoon researcher figures — Johnson and Goldstein — stand beside it with clipboards. Small heart icons (organ donation symbols) are scattered across the map at varying densities. The researchers are mid-investigation, pointing at different countries.	Wide shot, map-forward	Flat, white	The investigation begins — academic curiosity	Johnson and Goldstein at European map; donation heart icons varying by country	Static. Researchers point at map. Heart icons visible. 2s.
18	The numbers they found made no sense.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Medium shot on the two researchers. They are staring at a clipboard with numbers — their expressions: confused, leaning in, checking the math again. The numbers on the clipboard are partially visible: large gaps between rows. Bold label above: 'MADE NO SENSE.'	Medium shot on researchers	Flat, white	The mystery established — the anomaly is real	Researchers puzzled at clipboard numbers; checking math; confusion visible	Static. Both researchers lean in toward clipboard. 2s.

Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide diagram. A single decision icon at center — a scales of justice, simple and flat. Beside it, a small cost meter: not money, but mental energy. The meter is labeled: 'COGNITIVE COST.' Even a simple decision has a non-zero reading on the meter.	Wide diagram	Flat, white	The concept introduced — decisions cost energy	Decision scales with cognitive cost meter; non-zero reading visible	Static. Meter shows non-zero cost. 2s.

#	SEGMENT (NARRATION)	IMAGE PROMPT	CAMERA	LIGHTING	MOOD / TONE	CHARACTER ACTION	VIDEO MOTION
63	Not a financial cost. A cognitive cost.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide split diagram. Left: a euro coin with a red X — NOT THIS. Right: a brain outline with an energy lightning bolt — THIS. Bold label: 'COGNITIVE COST.' The distinction is clean.	Wide split diagram	Flat, white	The clarification — mental energy, not money	Euro coin with red X vs brain with energy bolt; COGNITIVE COST label	Static. Both sides visible; label prominent. 2s.
64	To change anything — your bank, your fund, your insurance — you have to compare options, evaluate risk, accept the possibility of choosing wrong, and take an action.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide diagram. A flow chart of the decision process: COMPARE OPTIONS → EVALUATE RISK → ACCEPT POSSIBILITY OF ERROR → TAKE ACTION. Each step has a small energy-cost meter that increments. By the final step, the total cognitive cost meter is high. Bold label: 'THE COST OF CHANGING.'	Wide flow diagram	Flat, white, cost meter incrementing	The full cost of change — every step costs energy	Four-step change process; cost meter rising with each step; total cost visible	Animated. Steps appear in sequence; meter rises at each. 3s.

#	SEGMENT (NARRATION)	IMAGE PROMPT	CAMERA	LIGHTING	MOOD / TONE	CHARACTER ACTION	VIDEO MOTION
65	That process is expensive. Not in money. In mental energy.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide shot. The total cognitive cost meter from the previous diagram — now shown prominently, needle high. Below it: '€0' in gray (no financial cost) vs a red energy bar at high (mental cost). Bold label: 'EXPENSIVE IN MENTAL ENERGY.'	Wide shot	Flat, white, energy bar prominent	The cost quantified — mental energy, not euros	High energy bar; zero financial cost; expensive in mental energy label	Static. Energy bar high; financial cost zero. 2s.
66	The default costs nothing. It is already done. It requires no comparison, no evaluation, no risk of regret.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide diagram. The same four-step flow chart — but for the DEFAULT option, all four steps are replaced with a single flat line: 'ALREADY DONE.' The cost meter reads zero. Bold label: 'DEFAULT: ZERO COST.' The contrast with the previous diagram is the point.	Wide diagram	Flat, white, cost meter at zero	The default's advantage — zero cognitive cost	Default path replaces four steps with ALREADY DONE; cost meter at zero	Animated. Four steps collapse into one flat line; meter drops to zero. 3s.

#	SEGMENT (NARRATION)	IMAGE PROMPT	CAMERA	LIGHTING	MOOD / TONE	CHARACTER ACTION	VIDEO MOTION
67	Your brain runs a constant, automatic calculation: is the effort of changing worth the uncertain benefit of what I might get?	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Medium shot on the brain inside the skull. The brain is shown at a tiny internal calculator — two inputs on screen: EFFORT OF CHANGING (high bar) vs UNCERTAIN BENEFIT (low bar with a question mark). The calculator spits out: 'ANSWER: NO.' Automatically. Without conscious input.	Close-up on brain at calculator	Flat, warm interior	The automatic calculation — the brain does this without asking	Brain at internal calculator; effort vs uncertain benefit; calculator outputs NO	Animated. Calculator inputs load; output appears: NO. 2s.
68	Most of the time, the answer is no. Not because the benefit is not real. Because the calculation itself is hard.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide diagram. Two side-by-side calculations. Left: BENEFIT IS REAL (green checkmark). Right: CALCULATION IS HARD (red complexity icon). Arrow pointing to brain output: 'ANSWER: NO.' The real benefit does not overcome the calculation difficulty. Bold label: 'THE CALCULATION IS THE PROBLEM.'	Wide diagram	Flat, white	The nuance — benefit exists but calculation blocks it	Benefit real vs calculation hard; NO output despite real benefit; label	Static. Both sides visible; NO output prominent. 3s.

#	SEGMENT (NARRATION)	IMAGE PROMPT	CAMERA	LIGHTING	MOOD / TONE	CHARACTER ACTION	VIDEO MOTION
69	Psychologists call this the omission bias. Inaction feels safer than action — even when the outcomes are identical.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide shot. The researchers at a whiteboard. Bold text written: 'OMISSION BIAS.' Below it: two identical outcome boxes side by side — INACTION and ACTION — both pointing to the same result. But a brain figure weighs them asymmetrically: INACTION feels lighter, ACTION feels heavier. The outcomes are the same; the feeling is not.	Wide shot at whiteboard	Flat, white	The name given — omission bias explained	OMISSION BIAS on whiteboard; identical outcomes; brain weighing them asymmetrically	Animated. Text appears; asymmetric weighting shown by brain. 2s.
70	And there is something underneath that.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Medium shot. The character leans forward slightly, as if looking beneath the surface. The brain inside the skull peers down. Below the omission bias diagram, a deeper layer appears — a floor panel opens, revealing something below. Bold label: 'UNDERNEATH.'	Medium shot	Flat, white, deeper layer hint	The layer beneath — something more fundamental	Character and brain peering down; floor panel revealing deeper layer	Animated. Floor panel opens; deeper layer glows below. 2s.

#	SEGMENT (NARRATION)	IMAGE PROMPT	CAMERA	LIGHTING	MOOD / TONE	CHARACTER ACTION	VIDEO MOTION
71	Changing something you already have means risking what you have for something you do not have yet.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Wide diagram. Left side: what you HAVE — a stable platform with your current financial setup (pension, savings, insurance). Right side: what you MIGHT GET — a dotted outline platform, uncertain. An arrow from left to right passes through a RISK ZONE in the middle — shaded gray, labeled 'RISK.' The solid platform vs the dotted one.	Wide diagram	Flat, white, risk zone shaded	The asymmetry of change — certainty vs uncertainty	Solid current platform vs dotted future platform; risk zone between them	Static. Solid vs dotted platforms visible; risk zone shaded. 3s.
72	Your brain treats that asymmetrically. Always.	2D flat cartoon illustration, thick solid black outlines on every element, clean solid color fills, no gradients except soft warm ambient light. Recurring main character: large beige oval head with a transparent glass upper skull revealing a pink cartoon brain inside; small black dot eyes, thin neutral mouth, black spiky hair, muted blue t-shirt, gray pants. The brain is an expressive character with a smug villain default expression (heavy-lidded eyes, slight smirk, small teeth). Palette: beige skin, black hair, muted blue shirt, gray pants, pink brain (#E8A598), green dollar bills, red for X-marks and danger, white for diagram/infographic scenes, warm beige interiors with a soft oval ceiling spotlight, dark gray for void/loss scenes. Bold black diegetic text labels integrated into the scene. 16:9, 1280x720. Medium shot on the brain inside the skull. The brain holds a scales — one side has the current setup (heavy, solid, concrete) and the other has the potential gain (lighter, dotted, uncertain). The scales tip toward the current setup — not because it is heavier in reality, but because the brain weights it that way. Bold label: 'ASYMMETRIC. ALWAYS.'	Medium shot on brain with scales	Flat, warm	The asymmetry stated — a permanent feature	Brain holding asymmetric scales; current setup heavier by brain's weighting; label	Animated. Scales tip toward current setup; label appears. 2s.
